Fentrend has built workflow automation tools that **reduce the time from research to purchase by 80%** and recommends **better products** at a **lower price**

Upfront Estimated Pricing

Typical Results.

Client: Developer

Project: Affordable Housing

Result: 2x higher energy performance, 57% less cost

Time is a critical factor in completing a successful project. Fentrend has been instrumental in helping us save time in the research of fenestration products. Furthermore, Fentrend has allowed us to connect with multiple manufacturers through one source.
